CODE DESIGNATION

Some courses in the schedule are available to specific constituencies of non-degree students. Some courses are offered as Credit/No Credit. These courses use the codes as outlined below.

- CERT Course available for Professional Certification in UMC
- DCN Course available for Basic Graduate Theological Studies for Deacon in UMC
- CEU Course available for Continuing Education
- CR/NC Course graded only as Credit or No Credit

SECTION DESIGNATION

Each course that is offered is designated by a unique course ID number (the catalog number) and a section number. In the past, the section designator has been used to designate between multiple sections. For example, PRE 401 A or PRE 401 B indicates that two sections of the course PRE 401 were being offered. Beginning in the Fall 2008 term, the section designator is being expanded to provide additional information at a glance on the course schedules. Each section code will include a minimum of 2 digits and a maximum of 3 digits. The first digit will designate between multiple sections of a course (A, B, C, etc.). The second digit will designate the originating campus location for the course (K, O, M). The third digit will designate if video technology is used in the course (V). You can use the following chart to read the section designations.

First digit	Second digit	Third digit
Section number	Location	Technology
A	K = Kansas City	V = Video course
B	O = Oklahoma City	
C	M = Multiple locations	
	H = Hyupsung University	
	I = Off-site immersion
